RE: Bikeability – Monday 18th September– Friday 22nd September

Dear Parent,

Your child will be taking part in the Bikeability course next week starting on Monday. Please can you ensure that you bring your child's bike and their helmet to school on Monday morning.

The 'Bike Surgery' provided by Wolf Cycleworx was a great success this week, thanks for bringing the bikes in and sorry for the late notice of the change of day. The bike mechanic managed to see all the bikes that were brought in. Please bear in mind any of the recommended suggestions made to bring the bike up to standard, and if a bike was not brought in for the check, please can you ensure that its condition is suitable. The Bikeability instructors will not allow an unsafe bike to take part in the course.

As there is limited bike parking space available, could you please ensure that your child's bike is parked, if possible, appropriately in the bike racks within the school, and when these are full, leant against railings on the patio area at the back of the Year 3 /4 classes. If bikes are left overnight then please can you provide a bike lock and it will be at your own risk.

Please note that due to the number of people that use the drop off service in the morning, and the need to keep the flow of cars moving, bikes cannot be dropped off during this time. Please allow time to park in the village to unload the bikes.

If you have questions, please contact the class teachers James Beevor and Michael Kimber at jbeevor@bcps.org.uk and mkimber@bcps.org.uk.

I hope that this will be an enjoyable experience for your child.

Yours sincerely,

Jonathan Bishop
Headteacher
